

“CLEARLY THE WAY TO GROW”

## Copperleaf Consulting Group: Your Partner in Healthcare Innovation

Copperleaf Consulting Group is a premier consulting firm specializing in **AI, Digital Health, MedTech, and Telehealth**. Led by **Kristi Slack Leisinger**, a seasoned healthcare professional with over 30 years of experience, we are committed to driving innovation and efficiency in the healthcare and startup industries.

Our mission is to guide your business to success by providing tailored strategies that help elevate your brand, optimize performance, and achieve sustainable growth. We tap into an **extensive network** of healthcare experts, strategic partners, and industry leaders, offering a depth of resources to ensure your business has the support it needs to thrive.

### Our Expertise

- **AI & Digital Health:** We leverage artificial intelligence and digital health technologies to enhance patient care, streamline operations, and improve health outcomes.
- **MedTech & Telehealth:** Our expertise helps healthcare providers expand their reach, reduce costs, and deliver high-quality remote care.
- **Strategic Consulting:** We guide healthcare organizations in navigating complex challenges, ensuring sustainable growth and optimized performance.
- **Healthcare IT:** We support the implementation and optimization of IT systems for seamless integration and improved data management.
- **Biotechnology:** We help biotech companies innovate and accelerate time-to-market through strategic partnerships.
- **Senior Care & Medical Practice Administration:** We provide tailored solutions that enhance operational efficiency in senior care facilities and medical practices.
- **Biomedical Engineering:** In partnership with the **University of South Dakota GEAR Center**, we offer specialized biomedical engineering consulting to support healthcare technology innovation.

### Our Services

- **Strategic Planning & Advisory:** We turn abstract ideas into actionable plans that drive growth and efficiency. Our advisory services support startups in scaling capital ventures and networks.
- **Business Development:** We help clients identify new opportunities, forge strategic partnerships, and expand market reach.

- **Innovation & Acceleration:** We mentor healthcare innovators and offer access to accelerator programs.
- **Biomedical Engineering Consulting:** With the **USD GEAR Center**, we provide cutting-edge solutions for advanced healthcare technology development.
- **Telemedicine Program Development:** We design and implement telemedicine programs tailored to niche markets and specific populations.
- **Healthcare IT Implementation:** We ensure the smooth adoption of advanced healthcare technologies and systems.
- **Revenue Cycle Management:** We optimize revenue cycles, enhance financial performance, and offer access to strategic partnerships.
- **Capital/Debt Funding:** We assist healthcare startups in securing funding through venture capital or debt financing.

### Why Partner with Copperleaf Consulting Group?

- **Proven Track Record:** We have a history of delivering successful outcomes across the healthcare spectrum.
- **Industry Leadership:** Our team consists of experts recognized for their contributions to healthcare innovation and business excellence.
- **Extensive Network:** Our depth of resources includes an expansive network of healthcare professionals, strategic partners, and industry connections to support your growth.
- **Customized Solutions:** We tailor services to meet each client's unique needs, ensuring personalized strategies for success.
- **Collaborative Approach:** We foster lasting relationships and strategic partnerships, working alongside clients to achieve shared goals.
